

Low-Level Switches

Low-level switches for modular design reservoirs.

Model	Use with Reservoir #	Switch Type	Electrical Rating
84235	87417, 87418, 87419	SPDT	7 Amps 125/250 VAC
84250	84700		
84252	87414		
87852	87402, 87403, 87406, 87407, 87416	SPDT	15 Amps 125/250 VAC

Low-Level Switch Assembly Kits for pneumatic and electric reciprocating pumps with self-contained reservoirs.

Model	Use with Pump Model	Switch Type	Electrical Rating
83671	87240, 87228	SPDT	15 Amps; 125, 250, 480 VAC .5 Amp 125 VDC .25 Amp 250 VDC
83696	87239		

High-Pressure Switch

High-pressure switch signals blockage and returns pump output to reservoir.

Model	Pressure Rating - psig / bar	Switch Type	Electrical Rating
87851	1450 / 99	SPDT	15 Amps, 125/250 VAC
