

### Model 87240 Air-Operated Reciprocating Pump

|                                    |                     |                      |
|------------------------------------|---------------------|----------------------|
| <b>Model:</b>                      | 87240               |                      |
| <b>Lubricant Type:</b>             | Grease              |                      |
| <b>Lubricant/Air Ratio:</b>        | 40:1                |                      |
| <b>Output/Min. @ 100 psig Air:</b> | 12 cu. in.          | 197 cc               |
| <b>Reservoir Capacity:*</b>        | 12 lbs.             | 5.45 kg              |
|                                    | 360 cu. in.         | 5900 cc              |
| <b>Air Inlet:</b>                  | 1/8" NPTF(F)        |                      |
| <b>Lube Outlet:</b>                | 1/4" NPTF(F)        |                      |
| <b>Dimensions (HxWxD):</b>         | 20.5" x 9" x 16.25" | 521.3 x 229 x 413 mm |

### Model 87239 Air-Operated Reciprocating Pump

|                                    |                     |                      |
|------------------------------------|---------------------|----------------------|
| <b>Model:</b>                      | 87239               |                      |
| <b>Lubricant Type:</b>             | Oil                 |                      |
| <b>Lubricant/Air Ratio:</b>        | 40:1                |                      |
| <b>Output/Min. @ 100 psig Air:</b> | 12 cu. in.          | 197 cc               |
| <b>Reservoir Capacity: *</b>       | 15 pints            | 7.1 liter            |
|                                    | 433 cu. in.         | 7100 cc              |
| <b>Air Inlet:</b>                  | 1/8" NPTF(F)        |                      |
| <b>Lube Outlet:</b>                | 1/4" NPTF(F)        |                      |
| <b>Dimensions (HxWxD):</b>         | 20.5" x 9" x 16.25" | 521.3 x 229 x 413 mm |

\* Transparent Acrylic Reservoir

**Note:**

Both models require a 3-way air valve.

**Atmospheric Indicator Pressure:** Model 87240—2650 psi/180 bar  
 Model 87239—1450 psi/98 bar

### Model 87228 Electric-Operated Reciprocating Pump

|                                |                         |                    |
|--------------------------------|-------------------------|--------------------|
| <b>Model:</b>                  | 87228                   |                    |
| <b>Lubricant Type:</b>         | Grease                  |                    |
| <b>Electrical Requirement:</b> | 220/440, 60 Hz 3 ph     |                    |
| <b>Output/Minute:</b>          | 18 cu. in.              | 295 cc             |
| <b>Reservoir Capacity: *</b>   | 12 lbs                  | 5.45 kg            |
|                                | 360 cu. in.             | 5900 cc            |
| <b>Lube Outlet:</b>            | 1/4" NPTF(F)            |                    |
| <b>Dimensions (HxWxD):</b>     | 25.38" x 9.94" x 18.06" | 645 x 253 x 459 mm |
| <b>Relief Valve:</b>           | 3700 psig               | 238 bar            |
