

A complete line of lubrication solutions and industrial pumping products

Automatic lubrication

Our automatic systems dispense measured amounts of lubricant at predetermined intervals. Systems include Helios and Duo-Matic™ two-line systems, and Centro-Matic, Modular Lube, Quicklub and ORSCO precision oil lubrication. With our BearingSaver program, we find the best automatic solution for you from our wide range of systems for grease, fluid grease and oil.

General lubrication

Sometimes a simple approach is the best solution. Our wide range of products includes smaller, self-contained automatic lubricators and general lubrication equipment.

Industrial pumping

Lincoln has developed specialized pumps and pumping stations to handle the difficult job of transferring thick fluids. From the industry-best PileDriver III and PowerMaster III pumps and air motors to specialty pumps, controls and mounting accessories, Lincoln is the preferred pumping system for many tough applications.
