

## Mityvac Brake Bleed Reservoir Kit

***Great new accessory for manual, pressure, or gravity brake bleeding!***

Mityvac is pleased to offer model MVA6837 Brake Bleed Reservoir Kit. This new tool is designed to capture used brake fluid from the bleed screw during manual, pressure or gravity brake bleeding.

Ideal for cars, trucks, motorcycles and ATVs, the kit utilizes our convenient universal brake screw adapter to cleanly capture used brake fluid as it flows from the bleed screw.

The kit includes a 40 oz. reservoir, universal bleed adapter with hose, and hanging hook. It is available immediately from Mityvac.

For more information contact your local Mityvac sales representative, visit us online at [www.mityvac.com](http://www.mityvac.com), or call 314-679-4200 Monday thru Friday 7:30 am to 4:15 pm CST.
