

Lincoln Makes It Easy with New Pump Packages and Upgrades

4480 Spigot Pump Package

Dispenses synthetic/natural motor oils, transmission fluid, gear oil, hydraulic oil and antifreeze from drums to measuring cans and other containers.

- Everything you need in an easy to order package: Upgraded Model 4480 includes 4475 pump, spigot with shut-off valve, air line regulator and gauge
- Adjustable 2" NPT bung bushing. Fits 55 or 16 gallon drums
- Ideal, controlled flow rate for no mess filling—maximum 4 GPM free delivery
- Fluid valve turns pump on/off. Air can be on the pump at all times for quick operation
- Low level check valve on pump maintains a positive pump prime at all times.

4480 Spigot Pump transfers motor oil from a 55 gallon drum to a measuring can

4475 Bare Pump (available separately)

Combine the pump with hoses, reels, dispense valves and other accessories for complete, low cost systems to meet specific vehicle service fluid dispensing needs.

Air control accessories (sold separately)
