

Automotive and Vacuum-Related Tools and Equipment

Model MV7201 Fluid Evacuator/Dispenser

- Evacuates or dispenses at the push of a button
- Convenient manual pump operation
- Integrated 2.3 gallon (8.8 liter) capacity reservoir
- Large base with foot stabilizer

Model MV7300 Pneumatic Fluid Evacuator

- Operates on compressed air
- Integrated 2.3 gallon (8.8 liter) capacity reservoir
- Independent air shut-off valve
- Quiet, muffled exhaust

Model MV7400 Fluid Evacuator

- Convenient manual pump operation
- Integrated 1.9 gallon (7.3 liter) capacity reservoir
- Automatic overflow prevention
- Quick-drain pour spout

Model MV6410 ATF Refill System

- Large 1.2-gallon (5-liter) fluid capacity
- Fluid is dispensed under pressure for smooth continual flow
- Integrated manual pump adds air above the fluid level to prevent aeration
- Internal pump components are sealed against exposure to fluids
- Includes ten (10) adapters to connect to Ford, Toyota, BMW, Honda, Nissan, VW, Audi, Mercedes and Volvo transmissions

**Model
MV7201**

Model MV7300

Model MV7400

Model MV6410

Model MV8500 Elite Automotive Test Kit

- Provides either vacuum or pressure with equal precision and convenience
- Features modern, ergonomic design for comfortable, long-term use
- Performs engine performance diagnostics, brake bleeding, fluid transfer, evacuation, sampling, windshield repair and more

Model MV6870 Vacuum Brake Bleeder

- Compact 1.3-quart (1.2-liter) capacity reservoir
- Comfortable lever-action throttle with lock-on latch
- Durable, molded composite handle can take heavy abuse and has minimum number of parts to wear or break
- Automatic shutoff prevents overflow

Model MVA670 Power Steering Adapter Kit

- Kit contains MVA660 (Universal), MVA661 (GM) and MVA662 (Ford) adapters
- Aids in the removal of trapped air from power steering systems
- Designed to fit snugly and form an air-tight seal when vacuum is applied
- Designed to function with Mityvac external vacuum hand pump models MV8000 and MV8500

Model MV8500

Model MV6830 Vacuum Brake Bleeder

- Compressed air operation
- Integrated 1.9 quart (1.8 liter) capacity fluid collection reservoir
- Variable control thumb throttle
- Swivel air inlet with quick-disconnect

Model MV6840 Pressure Brake Bleeder

- Large 1.2-gallon (5-liter) fluid capacity
- Fluid is dispensed under pressure for smooth continual flow
- Integrated manual pump adds air above the fluid level to prevent aeration
- Internal pump components are sealed against exposure to fluids
- Includes seven (7) master cylinder adapters to connect to most American, Asian and European manufactured cars and light trucks

Model MV6870

Model MVA670

Model MV6840

Model MV6830

Model MV4508 Universal Cooling System Adapter

- Replaces more than 20 individual cooling system pressure test adapters for cars, vans, light- and heavy-duty trucks
- Patent-pending cam mechanism helps to ensure an air-tight seal with radiator and coolant bottle necks
- Compact one-piece design fits conveniently in tool box

**Model
MV4508**

Model MV4533 Cooling System AirEvac Kit

- Uses shop-air to quickly evacuate air from an empty automotive cooling system for vacuum leak testing
- Quickly refills cooling system without trapping air that can cause overheating
- Universal cooling system adapter replaces more than 20 individual adapters for cars, vans, light- and heavy-duty trucks
- Components connect using self-locking quick-disconnects for easy and time saving assembly and breakdown

**Model
MV4533**

Model MV4534 Cooling System Pressure Kit

- High-volume hand-operated pump builds pressure quickly to locate leaks
- Universal cooling system adapter replaces more than 20 individual adapters for cars, vans, light- and heavy-duty trucks
- Patent-pending adapter cam mechanism helps to ensure an air-tight seal with radiator and coolant bottle necks
- Compact one-piece adapter design fits conveniently in tool box

**Model
MV4534**

Model MV4560 Cooling System Pressure Kit

- Economical, accurate and simple method to find common causes of overheating
- Pinpoints external leaks caused by loose clamps or leaky hoses, connectors, water pumps or radiators
- Diagnoses internal leaks caused by a blown head gasket or damaged block or head
- Test radiator and coolant bottle caps to ensure they are maintaining the correct pressure

**Model
MV4560**

Model MV5532 Digital Compression Test Kit

- Stores maximum compression value for up to 12 cylinders
- Backlit LC display is easy to read from any angle and in any light
- Uses standard 9V battery for convenience and cost
- Automatically shuts off after 3 minutes of non-use (memory is retained)
- Rubber boot protects the gauge from bumps and drops
- Sealed, grease- and oil-resistant gauge face prevents contamination of electronics
- Displays values in PSI, Bar and kPa

**Model
MV5532**

Model MV5535 Digital Diesel Compression Test Kit

- Stores maximum compression value for up to 12 cylinders
- Backlit LC display is easy to read from any angle and in any light
- Uses standard 9V battery for convenience and cost
- Automatically shuts off after 3 minutes of non-use (memory is retained)
- Rubber boot protects the gauge from bumps and drops
- Sealed, grease- and oil-resistant gauge face prevents contamination of electronics
- Displays values in PSI, Bar and kPa

**Model
MV5535**

Model MVA6851 Fluid Extractor

- Uses simple syringe action to quickly and cleanly extract or dispense fluids into or out of small reservoirs
- With a fluid capacity up to 7 ounces (200 cc), suitable for removing used fluids from master cylinders, transaxles and power steering or coolant reservoirs prior to bleeding, fluid changes or repairs
- Lightweight and easy to clean, the extractor features a 7 1/2 in. (190 mm) flexible tube for accessing reservoirs and includes a non-drip cap

**Model
MVA6851**

Model MVA7607 Locking Hose Clamps

- Designed for accessing and pinching off flexible hoses during automotive diagnostics or repairs
- Two sizes of clamps are available: Model MVA7607, an 8 in. clamp for hoses up to 1 1/4 in. (32 mm) diameter; Model MVA7605, a 6 in. clamp for hoses with diameters up to 1 in. (25 mm).
- Feature a rounded, nonslip handle, angled jaws and self-locking design

**Model
MVA7607**
