

Lincoln's new Model 85654 I-Beam Mounting Kit provides an easy alternative to mounting a LFR/94000 series reel to an I-Beam.

The Model 85654:

- Lincoln Hose Reel Accessory product for securing assembled 94000 Series Hose Reels to a structural I-Beam member without the need for drilling or welding.
- Lincoln I-beam Mounting Kit is designed for flexibility accommodating installations perpendicular or parallel to I-Beams.

Includes:

- I-Beam mounting plate
- (2) clamp assemblies
- (4) 3/8-16 cup point screws
- (4) 3/8-16 jam nuts
- (8) 3/8-16 hex cap screws
- (8) 3/8" lock washers
- (8) 3/8" hex nuts
