

Lincoln's new 980, 981, and 982 meter are upgraded meter to replace the 952, 953, and 954 models. Meter 967 also has been enhanced to incorporate the new register offered in all four of the meters.

The three new models have the following new features:

- Larger easy to read two line display
- Increased pressure rating to 1500 PSI
- Trigger latching
- Increased flow capabilities to 8GPM.
- Resettable and non-resettable totalizer that displays dispense quantities in pints, quarts, gallons or liters.

New Models

Model	Description	List Price USD	Product Code
980	Digital control valve with flexible 90° extension	\$417.60	KS-
981	Digital control valve with 5.5" rigid spout	\$524.50	KS-
982	Digital control valve with 13" flexible extension	\$586.50	KS-
