Lincoln's new, heavy-duty 14.4 Volt PowerLuber gives you the power to lubricate just about anything, anytime, anywhere.

- Two-speed switch for high-pressure or high-volume delivery
- Cycle indicator pin to monitor grease output
- "Smart" charging system delivers reliable power

All the features you need, including comfortable grip and balanced design; hook for shoulder strap; built-in hose and coupler holder; and a slim, compact carrying case.

**THE BEST JUST GOT BETTER!**
MAKE QUICK WORK OF ANY LUBRICATION JOB WITH THE 14.4 VOLT POWERLUBER

Lincoln's PowerLuber has been the favorite of technicians, mechanics, maintenance crews, farmers and others for almost every lubrication and preventative maintenance task imaginable, from the automotive, trucking and fleet industries to everyday applications in agriculture, construction and industry.

Now, we've made the best even better. PowerLuber's versatile two-speed design gives it the capability of two powerful tools in one. At the touch of a button, it can deliver high volumes of lubricant (10 oz. per minute) at medium pressure or a concentrated stream at high pressure (7500 psi working pressure). We've added a built-in stroke indicator to make it easy to measure total output.

Even with all that power, the long-lasting, high amperage 14.4 volt battery lets you work longer between recharges. When you do need to recharge, our high-tech “Smart” Charger does it in less than one hour. The “Smart” Charger even recognizes battery condition when not in use, and keeps your battery ready to go.

The 14.4 V PowerLuber’s balanced design and padded grip make this tool comfortable and easy to use.

Packed in a heavy-duty compact case molded from impact- and stain-resistant plastic, this package comes complete with the 14.4 V PowerLuber and battery, a 110 Volt one-hour “Smart” Charger (model 1410), an additional 14.4 V battery (model 1401), and a 30” flex hose with spring guard (model 1430).

**Multi-speed output selector**
- Control the powerful two-speed transmission with just a push

**Stroke cycle indicator pin**
- Lets you monitor total output by touch

**Motor overload protection**
- Reset breaker protects motor from overload

**Snap-lock, easy-loading battery**
- Provides long lasting power to get the job done

**Built-in hose and coupler holder**
- Keeps hose and grease coupler secure when not in use

**One-hour “Smart” Charger**
- Recognizes battery condition when not in use—keeps battery ready to go

**In controlled lab conditions, the unit will reach pressures as high as any battery-operated grease gun on the market today—up to 10,000 psi.**

**Threaded Opening (1/8” NPT) for Filler Nipple (Not Included)**

**Plated Steel Barrel with Exclusive Flip-Over Follower**

**30” High-Pressure Hose with Spring Guard and Coupler**

**High-Capacity NiCd 14.4 Volt Battery**

**Powerful 14.4 Volt High-Torque Motor**
- 7,500 psi Working Output Pressure
- 10 oz./min. Grease Output @ 1,000 psi

**Machined and Hardened Piston**

**Plated Powerhead Accepts Shoulder Strap (Strap Sold Separately)**

**Accessible Check Valve**

**THE BEST JUST GOT BETTER!**
GET THE MOST FROM YOUR 14.4 VOLT POWERLUBER WITH QUALITY LINCOLN ACCESSORIES

14.4 Volt Battery  
Model 1401
- Have a second 14.4 Volt battery charged and ready to go so you can keep working without delays (Comes standard with Model 1444)

Battery Charger
Model 1410
- "Smart" Charger recharges batteries in just one hour, and keeps them at full charge, ready when you need them.

Shoulder Strap
Model 1414
- Shoulder strap enables hands-free movement from job to job.

Model 1442 Includes:  
Grease Gun, Charger, Battery and Carrying Case

Model 1444 Includes:  
Grease Gun, Charger, Batteries (2) and Carrying Case

Available Soon:  
14.4 Volt DC Field Charger Model 1415A
